

This program is not insurance nor is it offered through an insurance company. This is a healthcare cost sharing program.

National Coverage

If you are looking for an alternative solution to the rising costs of Health Insurance and the Affordable Care Act, better known as Obamacare, you have come to the right place. Every day, thousands discover Health Care Sharing Ministries as a positive solution to health insurance. Ministries like Unity HealthShare have been around for decades, and billions of dollars of healthcare needs have been shared by fellow members. serving the individual alternative market

Why should I chose a healthcare sharing ministry plan?

What exactly is a "Healthcare Cost **Sharing Ministry**? (HCSM)

What type of plans does Unity HealthShare offer?

Why should I choose a Unity HealthShare Plan? If you're looking for an alternative to standard health insurance plans and want to take charge of your own healthcare needs among like-minded persons then Unity HealthShare is right for you. Members of Unity believe in their fundamental right of conscience to direct their own healthcare, in consultation with physicians, family, or other valued advisors.

A healthcare sharing ministry is an organization that facilitates sharing of healthcare costs among individual members in the United States who have common ethical or religious beliefs. Members of healthcare sharing ministries are exempt from the individual responsibility requirements of the Patient Protection and Affordable Care Act, often referred to as Obamacare. This means members of healthcare sharing ministries are not required to have insurance as outlined in the individual mandate.

With Unity HealthShare you have the freedom to choose a plan that meets your needs and pocketbook. Choose from twelve different plans each offering member sharing responsibility amounts (MSRA's) from \$1,000 to \$10,000.

Unity HealthShare is a unique Healthcare Sharing Ministry (HCSM) because it offers membership to persons of all faiths. We ask that you live your life and agree to the statement of beliefs in our guidelines—we do not exclude persons of any faith or belief.

Today

After five centuries of this faith tradition, the members of Anabaptist Healthshare still believe that caring for one another can and should include sharing one another's needs. When Jesus said to "Love your neighbor as yourself," members of Anabaptist Healthshare believe that Jesus was commanding them to care for one another.

And so today, Anabaptist Healthshare actively continues the centuries-old Anabaptist tradition of healthcare sharing and to "so fulfill the law of Christ." The core ethical beliefs of traditional Mennonites mobilize their actions, and they relate to one another in community because of them. The concept of koinonia, or community, is a core tenet of both the Amish and Mennonite faiths, a commonly-held doctrine that binds together the community of believers.

Good Works | Your contributions are making a difference here and abroad

A portion of your application fee is contributed to the Anabaptist Ministry Fund, which is designated for charity. The ministry fund helps ensure the medical needs of others are met. Among those who are protected by this ministry fund are: missionaries to Africa, El Salvador, Belize, and Paraguay; volunteers at elder care nonprofit organizations in America; volunteers at a special needs home in Virginia; Christian counselors in Pennsylvania; staff of Christian literature distribution and publication ministries; and staff of troubled youth camps in Maryland and Pennsylvania.
